## Aaji Seva Kendra, Dharavi

- The staff at ASK are educating and encouraging the aajis to get vaccinated. A couple of them have already been vaccinated.
- ASK is helping the aajis with their medical bills and rations.
- A few children have joined the school for the next academic year. We are hoping to get at least 25 children in each class. This will help cover the cost of running the school.
- The Glory school staff has agreed to continue working with 50% of their current salaries.

## Nireekshe Center, Mysore

- Due to the current situation, the Nireekshe Center is not in operation. The staff tried helping three, 10<sup>th</sup> standard children with tuition by arranging an auto rickshaw for pickup and drop off to a tuition teacher's house but, the children refused to come for fear of being infected by COVID-19 virus.

## Nurses Training Programme, Salem

- The nurses' training institute is now admitting new students for the academic year 2021-2022 year. Pray that deserving students will join.
- Due to COVID lockdown, students are not able to attend classes. The state government has not announced a date for the opening of educational institutes.

## Project Karuna, Gulbarga

- Pray for Hanamamma from Gandhi Leprosy Colony as she is suffering from hypoglycaemia. Also, pray for Laxmi, 36, as she fights cervical cancer.
- Michael and his team have distributed rations to 153 families in Gulbarga, Raichur and Yadgir leprosy colonies. Each pack contained wheat flour, rice, sugar, cooking oil, tor dal etc., and toiletry items. The team also gave out packs of vitamin C to individuals above 5 years of age.

Above, is the picture of groceries given to each family. The picture below was taken at the leprosy colony in Yadgir after distributing packs of essential items to each family.
